

Are You Looking For the Best Auction Bargains On eBay.com.au?

With **SearchBee**, you can find them! And before everybody else!

SearchBee is a desktop tool helping you to find auctions that are ending soon or Buy-it-Now listings that have just been added to eBay so that you know about bargains at just the right time to beat the competition!

SearchBee runs all the time, doing all the searching for you. It just 'pops up' when something you are looking for appears on eBay.

For example, if you are looking for a collectable item at a low price, just enter a price range and search words and **SearchBee** will tell you about a new item within less than 2 minutes of the listing starting.

Here is what **SearchBee** can do for you:

- Helps you find great bargains on eBay.com.au
 - Fun and easy to use
 - Specially made for eBay's Australia Site
- Searches for you - frees up your time - no more refreshing the page!
- Helps you generate income by finding low priced items you can resell
 - Gives you an advantage other buyers don't have

And best of all, It's FREE!!!
