

Nantucket Sailor's Valentine Kits

**Bring the splendor of the ocean into your
home with a beautiful
Nantucket Sailor's Valentine**

**Sailor's Valentines originated in the mid 1800's.
The majority of Sailor's Valentines came from the
West Indies Island of Barbados, a Port of Call for
American and English ships.**

**Sailors would buy or trade items for these
nautical tokens as romantic gifts to take home to
their loved ones during their long voyages at sea.
The Valentines were made in octagonal wooden
boxes from local shells. Traditional designs
include hearts, flowers, rosettes, and photos.**

Many of the designs were inscribed with sentimental messages such as “To My Sweetheart” and “Forget-Me-Not”.

Bring the splendor of the ocean into your home with a beautiful Nantucket Sailor’s Valentine. Your friends and family will admire your creation while being reminded of childhood memories by the sea. Their historic connection makes a wonderful conversation piece and gift for a loved one.
